HOME & SCHOOL ASSOCIATION

Sustained interest and increased attendance continues at the meetings of the Home and School Association.

Rev. Hunt presided in his usual able manner. Owing to the illness of the secretary, Mrs. Quinn, Miss Gerry Van Tighem acted as secretary.

Business arising included the following:

A motion to accept the recommendation of the executive that we do not attempt any large endeavor for increasing finances, was moved by Mr. McLeod, and carried.

A motion by Principal Crowther that a delegate be appointed from this meeting to meet with a committee interested in the recommendation re a Community Town Planning project and also to co-operate with the Jr. Hockey Club in improvement of the Skating rink project was unanimously carried.

A suggestion that a certain night of each month be set aside to create a family spirit received no comment and was referred back to the executive.

A programme of Irish music by some of the High School students followed which was pleasingly rendered, reflecting creditably the work of the leaders Mrs. A. Polley and Miss Violet Hyde.

The chorus of twelve comprised: Joyce Woodliffe, Elsie Larsen, Iris McLeod, Frances Kostynuk, Annie Nautie, Joann Boyden, Shirley Boyden, Marie Kuyten, Jean Porteous, Marjorie McNeill, Lawrence Way and Blaine Chapman.

Songs rendered were: "I am a Canadian" "Killarney" "Dear Little Shamrock" "Wings Over the Navy" Shirley Boyden sang "When Irish Eyes are Smiling" and then for an encore "Did your Mother come from Ireland?"

Lawrence Way and Blaine Chapman sang a duet and the songs were "The Rose of Tralee" and "Sweet Emerald Isle."

Mr. Hunt welcomed Inspector Sweet to the meeting and asked him to speak.

Mr. Sweet expressed his pleasure at being present and explained that Calgary and Edmonton have gone all out in Home and School organization. Some parents belonging to 2 and 3 associations when they have children in attendance at different schools. Mr. Sweet commended the progressive tendency in Alberta schools with B. C. a close second. In this connection he mentioned the modern plan of having pupils think through a subject themselves, in a constructive and objective method.

He approved making workable and modernized the curriculum for every subject in the High School. He favored fewer subjects, but more subdivisions under the one subject.

The Discussion of Religious Education in Schools was very ably and convincingly discussed by Dr. Giffen and Mrs. George Thurston of Nightingale. Dr. Giffen stated very definitely that

he believes in Religious Education in the schools.

He placed religious education as the most important work of the world today, transcending that of the mental or physical. Only as the people follow the teaching of Jesus can we look for a better world.

Mrs. Thurston's very excellent paper was equally convincing. We hope to publish this paper in full in our Easter Week edition.

A motion that the School Board be requested to include Religious Education on the local curriculum was passed by a large majority.

The meeting closed with the National Anthem.

Red Cross Drive

Up till Saturday, March 23, Strathmore and District had subscribed \$915.50. Last year \$1096.58 was collected. There are only six days to go. Let us aim at \$1200.00! Many have not yet been canvassed. Surely none has any doubt in his mind as to the splendid work done by the Red Cross and as to the need for every penny that can be spared. It is not enough to reach the minimum objective. Again we must stress if the canvasser does not call on you, hunt one up. Do not refrain from giving because you cannot afford much.

Let anyone think that this district may rest snugly on its laurels, the following quotation from a circular just received from Colonel D. H. Tomlinson, Commissioner, Alberta Division, C. R. C. S. is enlightening. "Reports show that returns are approximately \$1,000, 000 behind the same period last year. Let us one and all co-operate to raise \$1200 by the 31st of March. For any information please phone S. H. Crowther, 94 Strathmore."

M. D. ROCKYFORD ORGANIZE

A meeting of the newly elected councillors of M. D. Rockyford was held in Rockyford, Friday, March 19, commencing at 10 a.m. with Reeve A. Larsen presiding.

Councillors: Larsen and Boyack for 3 years; Kinney and Hilton for 2 years; Cammaert for 1 year.

Frank J. Ewing, secretary of Kooma for about 20 years, was appointed Secretary-Treasurer. The next meeting will be held Saturday, April 10.

A delegation comprising Messrs. Larsen, Boyack and Cammaert was appointed to go to Edmonton to interview Mr. Sauter re the irrigation system.

The Council voted in favor of adopting the name of M. D. of Service-ry in place of Rockyford as being more suitable for the larger area.

IRRIGATION QUESTION AROUSING ACTION

Realizing the very urgent need for action re the water situation in the South Eastern part of Alberta, a delegation from M. D.'s Rockyford and Strathmore (temporarily so named) comprising Reeve Larsen, Councillors Boyack and Cammaert, and Reeve Harwood with Councillors J. A. McArthur and J. M. Wheatley were joined

in Edmonton by Don J. McKinnon M. L. A. to approach Mr. Sauter, director of Water Resources for the Province, and urge that action be taken to preserve the water rights for these districts.

The delegation left for Edmonton on Wednesday.

MINUTES OF SPECIAL MEETING OF M. D. STRATHMORE

Present—Reeve J. Harwood, Deputy Reeve J. A. McArthur and Councillors C. H. Cowell, S. C. Nelson, and J. M. Wheatley.

Pursuant to Resolution No. 11. of the First Regular Meeting of this council this meeting was called to order by Reeve J. Harwood.

Payment of Council—McArthur; That each member of the Council be paid at the rate of \$5.00 per day, and ten cents per mile, for each mile necessarily travelled in attending the meetings of the Council and that such member of the Council be paid at the rate of \$4.00 per day, and ten cents per mile, for each mile necessarily travelled during the current year in laying out work and inspecting work done for the benefit of the municipality. The statutory limitations shall apply to such payments. Carried.

Finance Committee—Wheatley; That we appoint a Finance Committee to certify accounts on behalf of the Reeve. This Committee will consist of Councillors Cowell, McArthur and Nelson.

Dr. J. W. Giffen submitted his application for the position of Medical Health Officer. Dr. Giffen was called into this office to outline the services he actually rendered in that capacity. It was agreed that the services rendered were so valuable that an attempt

should be made to give similar services to this new Enlarged District. Owing to the extreme distances to be travelled it was expressed that a part of the district could be similarly served from Gleichen and Standard as Dr. Giffen would prefer to keep within his own practice territory.

Wheatley—That Councillor McArthur interview Dr. Fletcher of Standard and also Dr. Farquharson, of Gleichen as a committee on behalf of this Council in regard to agreements as the one with Dr. Giffen, now expired, and report at our next regular Meeting. Carried.

Local Board of Health—Wheatley; That this Council constitute the local Board of Health; that the Reeve be Chairman and the Secretary the Secretary thereof.

Scarlet Fever—Deputy Reeve McArthur reported that there was Scarlet Fever at Cluny. He instructed Dr. Farquharson to proceed to Cluny and investigate. Quarantine was not being observed properly and he would see that the quarantine was fully observed and by the police, if necessary.

Relief Officers—McArthur; That each member of this council be a relief officer in his Division.

Committees were named and a number of bills passed for payment.

Sunday School Sponsor Profitable Event

About one hundred guests sat down to a War Time supper in the basement of the United Church Tuesday evening. Silver baskets with Pussy Willows and paper daffodils that rivalled the handicraft of nature they were so perfectly made, brightened the long tables.

Seated at the head table were Rev. and Mrs. Hunt, Rev. and Mrs. Hoad Rev. and Mrs. Sieber, Mr. McMurray, S. S. Supt. and the honor guest, Rev. C. A. Lawson and Mrs. Lawson of Calgary Central Church.

Replying to Mr. Hunt's happy introduction Rev. Lawson stated he had looked forward to coming to Strathmore to take part in this S. S. evening as he is keenly interested in the work of the Church School. Rev. Lawson pleaded the cause of youth of today, saying we must give them something

to live for, not only by.

He deplored the laxity of the adults of today in morals and community and national interest. The apathy revealed by the voting public in which 14% 11% and 10% respectively took the interest to vote on important questions. The speaker stated too many young people were weaned away from Church and religious activities because of the apathy of their seniors. We must claim and reclaim the young people else the world as we desire it will be lost.

Rev. Lawson held the wrapt interest of all throughout his inspiring address. Teachers of the S. S. commended the arrangements and the C. G. I. T. girls were servitors.

STRATHMORE COLD STORAGE AND LOCKER PLANT

The above plant which is now open to the public for Locker rental is a very welcome and progressive addition to our Town and surrounding country. Thoroughly cleaned and freshly painted throughout in black and white, the plant presents a most inviting appearance.

There are 290 lockers where the temperature is kept at 10 above.

There is one large store room, one quick freezing room, one curing and pickling room and two smoke rooms.

The temperature is constantly kept at right degree by four automatic motors totalling 10 H. P. refrigeration equipment, which are controlled by the temperature of the room with which they are connected.

The Plant is one of the most modern and best equipped possible.

It will prove a boon to citizens generally for the storing of meats and

THE 'OUT-SIDE'

Dr. Gershaw Pleads For Irrigation in Southern Alberta

Dr. Gershaw, Liberal member of Medicine Hat, urges that 2,000,000 acres of Southern Alberta land be brought under irrigation with the use of federal capital.

The question of the ownership of Shipshaw, the new power-production project in Quebec Province, has been raised in Parliament by M. J. Coldwell, who has also asked for information as to who has paid for its construction.

Sugar For Canning—Must Apply Before April 15th

Applications for sugar for canning should be made before April 15th, to the local ration boards, or to the Wartime Prices and Trade Board, Williamson Building, Edmonton. Each housewife must state in her application how many persons she caters for, in her household, and must attach their blank applications, showing their ration book numbers. Of course her own name and address must be given, as well as the serial letters and number of her own ration book.

More than 25,000 workers are employed in eight major plants making small arms in Canada. One plant alone which is the largest small arms plant in the Empire employs 16,000 workers.

Red Cross Hospital Overseas and Visitors—

Sheltering and caring for our wounded fighters Overseas. No. 5 Canadian General Hospital in England is the mecca of the medical profession. Costing \$775,000 it was built, fully equipped and turned over to the Canadian Government by the Canadian Red Cross in July, 1940. Modern laboratories, a plastic unit, the most up-to-date surgical and ward equipment and superlative operating room facilities make this gift of the Canadian people a lasting monument to Canadian generosity.

COMING EVENTS

BACHELORS' DANCE at Nightingale, Friday, March 26th. Bachelors \$1.00. Married men and ladies free. Proceeds in aid of Red Cross. M25*

Special in Oil Permanents—Regular \$5.00 for \$4.00 Regular \$3.50 for \$2.75

Lyons Beauty Shop, Phone 37 Strathmore

An English woman having looked in vain for a certain kind of notebook in the big stores of pre-war Hong Kong came upon a tiny grimy stationer's shop. Entering she asked the Chinese proprietor: "Have got notebook? All little hole along topside."

The reply was: "I have several notebooks, madam, of different sizes, with perforated pages."

vegetables and we welcome this modern and progressive addition to our Town and District.

There will be no retail department. A visit to the plant proved very interesting. W. W. Lunn is Plant Manager. Shower baths are also installed which are for the use of the public at a nominal fee.

FARM MACHINERY

Even the person living in a city apartment is indirectly interested in the fact that it takes farm machinery to produce the necessities of life. Administrator H. H. Bloom had some of the answers for me in Toronto. First let me pass on the information that our tentative allocation for 1943 is 25% of the 1940 tonnage for farm machinery and 150% for repairs. That's not as bad as it sounds when one considers that the Russians found it possible to produce materials in factories six months after they had been blasted to rubble by the Nazis, and retaken. That takes ingenuity and improvisation. The Canadian farmer can do that too.

Why is 1940 taken as the basis? Be-

cause that was the last normal year in the implement business, and the period used by the United States also, from whence we have some dependence for materials. Things weren't so serious in this line in 1942, for when the smoke had cleared away a healthy business shows a statistical reality. Between implements and repairs we had a 96% overall tonnage manufactured or imported.

Why Materials Are Scarce

But there's a different picture for 1943; shelves are bare and no inventory to speak of. You on the farm, we in the towns have got to get it into our noodles that materials which go in to farm machinery also go into machinery for killing Nazis and Japs.

As the administrator explained it, and it sounded reasonable, it would

have been simple to make an order stopping importation of not more than 25% gross weight. But there were other considerations. For one thing they curtailed exports drastically. Yes, they have to export a certain amount yet—to New Zealand and Australia, who have some basis of argument that they are dependent on us in that they also have to produce the food to keep them alive. Just like our own city apartment dweller, they are interested in machinery.

Then the administration made a survey clear across Canada, 3 separating the situation with deputy ministers of agriculture experimental station superintendents, the supply board and others to see what types and varieties were most essential. That's a good approach, isn't it?

In Western Canada, for instance, they could do without thrashers more and weed combines increased; they could cut out drag harrows for a year but wanted one-way discs. As a result they were able to order varieties eliminated in the West from 473 to 73; from that many to 117 in Eastern Canada. Walking plows, as an example, will come in only five kinds as compared to 52.

1943 Compared to 1940

And here is another practical application of the survey. They will allow manufacture of 75% of 1940 out put of cream separators, with combines down to 33%, but still, like the Russian simile quoted above satisfactory Grain drills for the West will be on the basis of 15% of 1940 but 30% for Eastern Canada, the West will get 33 1/3 in one way disc seeders and Eastern Canada nil. The tonnage was computed separately for East and West as essentiality required.

The administration knows there will be a bigger demand for farm machinery this year because generally speaking there was a better income in 1942 and farmers will want increased and better plant facilities. Labor will be scarce. So then, what better than a rationing system?

"We studied the British system and that of the United States to guide us if possible," said Mr. Bloom. Out of the cumulative study and research they evolved what they consider the most simple and least expensive way to work out the farm machinery and equipment problem which is nationally important in scope.

Here it is in a nutshell, just as easy for the city slicker to understand as for the farmer. In the regional boards across Canada, fourteen machinery rationing officers have been appointed. Acting as a consultant in each case without additional remuneration is an Agricultural Representative. He might be the superintendent of an experimental station or one qualified and delegated by him to assist. As a further consultant to the rationing officer, some prominent farmer of the region is chosen who has the confidence and respect of the others. His judgement is used in dealing with "border line" cases because—as we neglected to mention earlier—the individual farmer can make application to the rationing officer for farm machinery he thinks he essentially requires. The mechanism for appeals is also provided for.

Problems Well Understood

Well, that's the story I got from the boss of farm machinery, boiled down to the space available. They realize the labor shortage presents difficulties. They are sympathetic to the fact that a farmer can't get everything he wants for replacement or new equipment. But they're making every effort to be fair and equitable to all with the amount at disposal of the country as a whole. That means harder work, taking care of present equipment to make it last longer.

The farmer likes to grouse just as the soldier does, but they both give when it's needed. Because there's a serious war going on the farmer will, we think, without hesitation, do the best he can to make machinery go round to the best advantage. The comparative rationing has been set up because there is a scarcity of materials and the necessities of war production. We've just got to like it and make what we've got last longer.

First Camper— This is a picture of a cow eating grass.

Second Camper— I don't see any grass.

First Camper— Oh, the cow has eaten it all.

Second Camper— And where is the cow?

First Camper— Well, you couldn't expect the cow to hang around when the grass is all eaten, could you?

WAR DOLLARS**DO THREE ESSENTIAL JOBS:****1. HELP CARRY ON THE WAR—**

Every possible dollar will be needed to bring the war to a successful conclusion. THEREFORE, every dollar you lend enables you to play a vital part in the great fight for freedom.

2. CURB WASTEFUL SPENDING—

To retard spiralling prices and rises in the cost of living, income must be diverted from unwise purchases and made available for war use. WAR SAVINGS mean money put aside to aid essential war production.

3. PROVIDE A NEST EGG—

Following every major war, there is a period of economic re-adjustment. The man who has taken his share of WAR SAVINGS will find this money very useful during this transition period.

Doug Willis spent a couple of days
of his leave with the Miller family.

There was a splendid turnout to Church service on Sunday morning. There were three children baptized. Roberta Muriel, daughter of Mr. and Mrs. James Dremmer, of Calgary; Gal Winston, son of Mr. and Mrs. Earle Buker and Ransom Arlow, son of Mr.

SQD. LEADER L. A. NICKALLS,

Squadron Leader L. A. Nickalls, now R. A. F. Public Relations Officer in Canada, was with the men of the R. A. F. Bomber Command for nearly three years. This former London news paperman will tell Canadian listeners something about life on the ground and in the air with the bombers home based in Britain. He will give the first of four talks over the CBC National Network on Wednesday, March 24 at 9.15 p.m. CDT, 8.15 p.m. MDT from Ottawa.

and Mrs. H. A. Miller.

Mrs. Alex Peterson and son arrived home from the hospital Monday.

Mrs. F. C. Jensen left for her home in Redvers Saskatchewan having been called home on account of sickness.

(Continued on Page Six)

BACH NEWS BREAKS

On Sunday, March 14 the world premiere of a concerto by Carl Emanuel Bach was performed in the Concert Studio of the CBC at Toronto. Wanda Landowska, the world's leading harpsichord virtuoso, was the soloist for this outstanding musical event. A young Canadian violinist, Adolph Koldofsky, was instrumental in unearthing the manuscripts from which the performance and the ensuing series will be played. Here is Mr.

Koldofsky (left) telling William Hogg of the CBC central news room, something about the circumstances which led to this Canadian radio performance of Philipp Emanuel's long lost compositions. Seven concerti in all, will be heard in these Sunday night concerts, and Madame Landowska will be present to take part in all performances. The programs can be heard on Station CBN Watrous and other stations of the Western network.

THE WEEK IN EDMONTON

In the Legislature this week members worked at the arduous task of translating figures into words, and words into meanings. They were going over the Estimates, and in the course of their investigations learned more about government policies for the forthcoming year.

Of paramount interest was the information given by Hon. Dr. W. W. Cross that the Kenney treatment of infantile paralysis victims has been found highly successful here, and that the government proposes to have at least one Kenney-trained nurse in every hospital in the province.

Dr. Cross said that experience showed the Kenney method must be used immediately. Delay in starting treatment usually results in failure. He said, "We are getting wonderful results from the treatment." Speaking in connection with the Alberta Child Welfare Act, which is administered by the department of health, Dr. Cross said that homes were found for 93 per cent of the children placed under protection of this legislation. He said the biggest problem of the authorities is what to do with incorrigible children.

Of all children brought before a juvenile court as delinquent, only one of every 100 ever committed a second delinquent act.

C. C. F. Leader, Elmer E. Roper rose to pay tribute to Charles B. Hill, Child Welfare officer and assistant superintendent under the act. He wanted his tribute to be of "the highest kind." He had knowledge of five Calgary cases which should be investigated, he said, but nevertheless believed the Alberta officials in charge to be efficient.

Continuing with the Health estimates, the House learned that the cancer treatment vote was increased more than \$27,000 to \$102,550, in order to cope with the broader program of cancer diagnosis, and treatment, drawn up for this year. An item of \$17,300 was appropriated for hospitalization of cancer patients. Surgical needs were appraised at \$18,500 and X-ray and treatment, \$22,400.

Preventing Losses in Swine—

This year's much needed pig supply can be increased by at least 20%, if many of the available losses are brought under control.

For information on prevention of

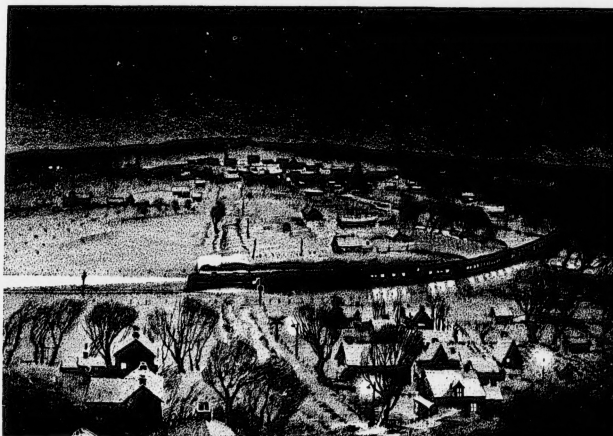

HUSSAR

—By M. C. B.—

St. Patrick's Day was celebrated in Hussar by a bridge party at the home of Mrs. H. B. Stitt, for the benefit of the Hussar Ladies Aid. Music was also contributed by Mrs. Oddie, violin, and Mrs. Buchschmidt, piano. The winners at the bridge were Mrs. H. D. Brown and Mrs. B. Snyder. The proceeds were \$5.30. The treasurer reported that the Aid had made \$31.00 on the autograph quilt, which finally became the property of little Myrtle Blake. The next meeting will be held at the home of Mrs. L. I. Montgomery on Wed., April 8th, 1943.

Today the Red Cross drive went over the top by \$215 with three canvassers who have been unable to make final reports because of the conditions of the roads. This is a matter of great satisfaction to the Financial Convenor, Mrs. Ben Snyder and all the canvassers, as well as to the members of the Red Cross Society here, who are doing very earnest work under the presidency of Mrs. V. P. LeGrandeur.

swine losses, write to Agricultural Extension Service Department of Agriculture Edmonton.

**WAR WHOOP****1943 MODEL**

YOU HEAR IT at all hours . . . that long-drawn cry of the locomotive whistle. It's the war whoop of the railways.

It may be a troop train speeding to keep a date with a convoy . . . it may be a long freight loaded with tanks, guns and other materials of war, many of them built by the railways themselves . . . it may be another week's supply of raw materials to keep a war plant in production, or food, fuel and other essentials for the home front.

It is the proud war whoop of Canada's greatest war industry—the railways, which are serving the nation as effectively in war as in peace. Only the railways can furnish mass transportation on such a scale.

Your railways were ready . . . ready in war, so that Canada could strike with all her might. They will be ready in peace again to serve a greater Canada . . . rolling ever forward on highways of steel.

RECIFE FOR BUILDING
USEFUL LIVES

The world of tomorrow can be not better than the youth of today. Education is the only material that a boy or girl can use to build a full life, and that is why cooperatives place so much stress on the educational part of their program.

The youth who is building up his life enlarging his vision, storing his mind with useful knowledge, deepening his sympathies, and training his talents, may be assured that a full life is ahead of him.

HEALTH LEGISLATION

HEALTH Legislation is forming an important place in the deliberations of both Provincial and Dominion governing bodies.

This is very commendable in Canada as a nation has been dilatory in establishing this progressive movement.

Let up keep in step with progress, and become health conscious.

In other columns in this issue will be found the program planned by Ottawa and Edmonton.

SCHOOL VACATIONS

AUTHORITIES tell us that Canada and the United States will need to raise this year every pound of food

products, that is possible. In order to meet and help out in the serious plight of the farmers, the government of Alberta, with the authority of Premier Aberhart, Minister of Education, has authorized the change in the school vacation to extend to October 15, and thus leave free about 25,000 students and teachers to help out.

The extended school holiday this year, will no doubt result in some necessary arranging of plans but the object is, the greater good to the greater number.

With curtailed Easter holidays next year and teaching continuing to the end of July, over a period of two years there will be as many school days as heretofore.

We are at war, hence we must adapt ourselves to necessary regulations, even though they sometimes entail some inconvenience.

NIGHTINGALE

By M. M.

Mrs. George Thurston spent several days in Calgary last week attending the W. I. Convention. She returned on Saturday.

Russell Morgan, who has been a student at the A. C. at Oids, came home Saturday ill with flu and now is suffering with mumps.

RENEWAL OF UNEMPLOYMENT
INSURANCE BOOKS

To all Employers:

The 1942-43 Unemployment Insurance
Books expire on March 31st.

New Insurance Books for the fiscal year 1943-44 will be exchanged by the Local Employment and Selective Service Office in your area for expired Insurance Books.

Do not send in your Insurance Books without completing forms enclosed with circular letter 625.

If you have not received this circular letter, get in touch with your nearest Employment and Selective Service Office.

Where it is necessary to quote the Employee's Insurance Number, use the number with the prefix letter shown on the front cover of the book: example P-49247, E-22454. Do not quote the book serial number printed on the inside pages of the book.

Protect the benefit rights of your employees by following closely the procedure outlined in the circular letter, and prevent delays by acting now.

(From Kansas City Star)

John Steinback's "The Moon is Down" has been designated leader of the 10 outstanding novels of 1942, and "They Were Expendable," by W. L. White, as first in non-fiction, in the third annual nation-wide poll of literary critics conducted by the Book-of-the-Month club.

The 10 leading novels chosen by the critics were: "The Moon is Down," "The Song of Bernadette," "The Seventh Cross," "Dragon Seed," "Look to the Mountain," "The Pied Piper," "And Now Tomorrow," "The Just and the Unjust," "Signed With Their Honor," "Hostages."

The 10 leading non-fiction books were: "They Were Expendable," "Cross Creek," "Flight to Arras," "Victory Through Air Power," "The Last Time I saw Paris," "Mission to Moscow," "See Here, Private Hargrave," "Paul Revere and the World He Lived In," "The Raft," "Last Train From Berlin."

Mrs. Fred Hilton and George were Calgary visitors on Monday.

Last Wednesday, March 17th, Mr. and Mrs. F. Harriman were pleasantly surprised by friends who came to help celebrate their 34th wedding anniversary.

L. A. C. Clifford Pender and L. A. C. Howard Pritchard, of Auckland, New Zealand, now in the No. 2 Wireless at Calgary spent their nine day leave on the farm. They were guests of the Harriman family and report a pleasant holiday.

Weldon Harriman left Friday night for Toronto to continue his work with the R. C. A. F.

ARDENODE

— By H. M. A. —

Mr. and Mrs. Hicks, of Calgary spent Sunday visiting at the home of Mr. and Mrs. W. A. Freeman.

Miss Mary Awcock spent the weekend visiting at the Sarson home.

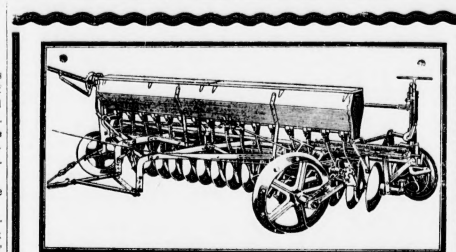

Mr. and Mrs. A. M. Watson motored to Conrich Saturday to see his brother who narrowly escaped losing a hand while cutting wood with a buzz saw.

The local bridge club met at the home of Mr. and Mrs. Freddie Hilton Sunday evening.

The Knox United Church Calgary was the scene of a pretty wedding, March 17th, at 7 p.m. when Elizabeth daughter of Mr. and Mrs. J. A. Lytle became the bride of Arthur William Ancell, son of Mr. and Mrs. W. Ancell. The bride, given in marriage by her father, wore a floor length gown of ivory satin and carried a shower bouquet of roses. A gold locket was her only ornament. Her chapel veil was caught with a coronet of flowers. Miss Agnes Lytle was her sister's bridesmaid, and Mr. Frank McMobile was the best man. Following the ceremony, a reception was held in the spanish room (Club Cafe) where a tiered cake centred the Bride's table. Mr. and Mrs. A. W. Ancell left for a short honeymoon in Banff. Upon their return they will make their home in Saskatoon.

Colds are the order of the day just now, many people being under the weather. Now spring has finally come we should feel somewhat better.

Mrs. Osborne and Mr. S. G. Watson entertained Mr. and Mrs. Pete McLean

FATS WANTED BADLY FOR WAR PURPOSES

The Lives of the United Nations soldiers, airmen and sailors mostly depend upon the speedy response to this S. O. S.

Fats and Oils are the raw materials from which glycerine is produced. Glycerine is the basic and indispensable ingredient in the majority of our explosives.

If everyone in Canada saves as little as two ounces of waste cooking fat in a week, it will produce the glycerine required for the gun powder to smash Adolph, Benito and Tojo. There is enough explosive hidden in ten pounds of waste fat to fire forty-nine anti-aircraft shells.

Let us all remember that if every person in Canada saves as little as two ounces of waste fat in a week, it will be an adequate answer to this National War Effort and appeal.

Unless measures are taken to increase the supply of fats Canada may be faced with a deficiency of thousands of pounds of glycerine for explosives.

I am confident that you and your friends will respond promptly to this S. O. S. Tell your friends about this important Canada-wide Salvage Campaign for Waste Fats. You appreciate that this is not a one man job and hence my appeal to you and members of your family and your friends.

"Every Kitchen Is An Arsenal"
CHARLES LAFERLE
Director.

CHANCELLOR

We are deeply grieved to learn of the death of Mrs. Wesley Peterson last Friday in the Holy Cross Hospital. Mrs. Peterson will be sadly missed in this community. She was a faithful member of the local U. F. W. A., also a very willing worker for the Red Cross. Mr. and Mrs. Peterson recently celebrated their silver wedding anniversary. She leaves to mourn, her husband two sons and two daughters. Funeral arrangements will be announced later.

Mrs. Edna Hobbs had a nasty accident when she fell from a chair on which she was standing and skinned and bruised her back badly.

Mr. and Mrs. N. I. Hansen entertained 20 guests at a dinner party on Saturday evening. It was quite a novelty party as the invitations and the games played, were all in bags. During the evening the men trimmed hats for the ladies and many pretty ones were turned out. We didn't know you had it in you boys.

Mr. and Mrs. J. M. Wheatley were dinner guests at the home of Mr. and Mrs. Ben Plumer of Bassano on Sunday.

DALEMEAD

D. V. V

We wish to extend congratulations to Mr. and Mrs. Stanley Pederson on the birth of a daughter on March 21.

Mrs. Irene Newton has been visiting her parents Mr. and Mrs. J. Hahle for the past week. She will be leaving shortly for Laefine where she will visit her sister-in-law, Mrs. Jacques, and family.

Several friends from Milo spent Sunday with Mr. and Mrs. F. Winkler.

The Indus and Dalemead U. F. W. A. held card parties at the Winters school and the home of Mr. and Mrs. C. McKinnon. They realized the sum of \$35.00 clear. This money will be used to send boxes to our boys overseas.

Mrs. C. Colwell has been sick with the flu. We hope she is improved by this time.

Mr. and Mrs. L. McKinnon of Calgary were visiting at the C. Colwell and C. McKinnon homes last week.

Mr. and Mrs. L. Lea entertained some of the boys of the forces last week.

Mrs. L. Anderson entertained several New Zealand boys last week.

An Englishman, an Irishman and a Scotchman went into a pub to have a drink. The Englishman stood a round the Irishman stood a round, and the Scotchman stood around.

CANADA NEEDS 40 MILLION POUNDS OF FAT

HERE IS YOUR SECRET WEAPON

Save Fats and Bones

AND HELP SMASH THE AXIS!

The next time you are frying or roasting something, just imagine the satisfaction it would give you to pour that hot fat right down the back of Adolph, Tojo or Benito.

You can even do better than that. Fats make glycerine, and glycerine makes high explosives to sink their submarines, destroy their aeroplanes and tanks. Bones produce fat, also glue for war industry.

Every spoonful of dripping, every ounce of scrap fat, and every bone, cooked, uncooked or dry, must be saved. Strain all drippings through an ordinary strainer into a clean wide-mouthed can. When you have collected a pound or more of fat drippings take it to your meat dealer who will pay you the established price for the dripping and the scrap fat. Or you can dispose of them through any Municipal or Salvage Committee collection system IN EFFECT in your community.

You can be a munition maker right in your own kitchen. So every day, this easy way, keep working for Victory by saving every drop of fat dripping, every piece of scrap fat, and every bone.

This campaign is for the duration.

DEPARTMENT OF NATIONAL WAR SERVICES
NATIONAL SALVAGE DIVISION

ROCKYFORD

— By K. M. G. —

A very enjoyable evening of cards was conducted on Tuesday, March 16. The returns are to be used for treats for the boys in the forces overseas. Honors at bridge were won by Mrs. Poole, gents by Mr. J. McBeth and at Cribbage, Mr. Johns and Mrs. W. Pomroy. War Savings Stamps were given for all prizes. A well made foot stool was donated by Mr. Bradwell for the good of the fund and that went to Mrs. Rudd.

The Rockyford quota for the National Red Cross Drive has been reached but people are not satisfied and are hoping to make it half as much again before the end of the month. The collectors have been well received and wish to thank all who gave them such loyal support.

Amongst the boys in uniform seen home on leave lately are Karm Wyman, Bobby Coels, Vic Fodorski and Ray Keoster.

Mrs. Heimbecker is spending a couple of weeks in Calgary with her daughter, Edythe.

The second meeting of the new Municipality of Rockyford was held in Rockyford on Tuesday. F. Ewing of Irricana was elected Sec-Treas. and a Calgary firm will be Auditors. The headquarters of the new enlarged district will be at Rockyford.

The Rockyford curlers took advantage of the recent severe weather to wind up their different events. The Stone Cup draw was won by the Stone Rink. The High School bonspiel was also played off.

Miss Mary Miller who has been a successful beauty operator here for a number of years left on Friday last.

She will open a shop at Hanna.

On half of Rockyford experienced an old fashioned flood on Sunday, the first day of spring. The main overflow ditch became blocked with ice until the water crossed the road to come down the street by the east of the public school. A pick and shovel brigade spent a busy time and several of the residents were alarmed about their cellars.

The first day of spring, Sunday, March 21st was welcomed by at least one robin and one meadow lark in this district. The gophers have been on hand for several weeks waiting.

Mrs. Ed Griffiths and family returned home on Sunday, after a two weeks holiday with her sister at Irricana.

Mr. and Mrs. W. L. Knight recently received word from their son Freddie, somewhere in Britain, that he was to be married on Saturday March 20th.

Mrs. Easton and Donna are at present on a few days holiday.

Mr. and Mrs. Durant have just received word of the wedding of their youngest daughter, Florence. She and her husband, Mr. Sedley, paid them a short visit between trains on Thursday evening.

The Reporter was sent to write up a charity. Next day, the editor called him to his desk. "Look here, what do you mean by this?" "Amongst the most beautiful girls was Horatio Lucian Dingley. Why, you crazy idiot. Old Dingley isn't a girl—and besides he's one of our principle shareholders." "I can't help that," returned the realistic reporter. "That's where he was."

Synthetic rubber factories are being set up in Canada and the first of these will be capable of producing the needs of the armed forces by September 1943.

Seed Treatment

Two problems are important at
 this time of year:

1. Is seed treatment necessary?
 2. What is the best treatment?
 Unfortunately, direct answers to
 these questions are impossible. We
 can dispose of the second one fairly
 briefly, however. The following
 resolutions were agreed upon by
 plant pathologists from all three
 provinces at a meeting held in Olds,
 Alberta, last summer:

1. That the use of formaldehyde
 for the treatment of wheat and other
 hullless seeds be discouraged in every
 way possible.

2. That organic mercury dusts be
 recommended for the treatment of
 wheat, oats, barley and flax, and
 that treatment be at least 24 hours
 prior to seeding.

3. That if formaldehyde is used
 at all, it should be limited to the
 treatment of special lots of smutty
 hulled oats.

Now for question 2. Local authori-
 ties in Alberta advise treatment of
 all cereal seeds.

In Manitoba, farmers are advised to
 treat all flax and barley seed,
 using 1½ ounces of mercury dust
 per bushel for flax and ½ ounce for
 barley. Of course smutty wheat
 and oats must be treated; but, in
 the absence of smut, we lack
 official advice.

In Saskatchewan we are told that
 "if seed is not known to be free
 from smut it should be treated."
 The same authority, Dr. R. C.
 Russell, continues, "Occasionally,
 however, when the seed costs are
 badly cracked or a high percentage
 of the seeds carry a fungous parasite,
 which causes common root-rot,
 treatment with a mercurial dust may
 be beneficial." (Italics ours).

SPORTS

The Ladies bowling league, sponsored by the W. A. of St. Michael's Church is in its final events. The playoffs are on this week.

Mrs. Galbraith's team won the first prize. Her team consists of Mrs. Morton, Mrs. Hansen and Mrs. Wood-Life.

Mrs. M. May won the prize for the highest individual score.

The pin setters and score keepers have all done a fine job to make this league a success and the ladies have all had a grand time and are all sorry to see it end.

John Keeling visited his brother William in MacLeod over the weekend.

Mrs. Keeling has received word that her nephew, Eugene Masson, who received his training at Lethbridge is missing in Germany.

Mr. and Mrs. Good, Supervisor of Schools for Okotoks will be Sunday guests of Mr. and Mrs. Fred Thurston.

Fred Teare left last Friday for Calgary where he has enlisted in the R. C. A. Good luck Fred.

Marjorie McNeill had the misfortune to run a nail in her foot from which she is suffering much pain.

Miss Deborah Swanson R. N. neice of Jimmy Swanson is leaving shortly for Whitehorse, Alaska where she will be engaged by the American forces as Nurse.

The Ladies Aid of the United Church will meet Thursday April 1 at Mrs. D. A. Perry's.

Rev. and Mrs. Sieber, Mrs. G. B. Field and Mrs. Don McKinnon came over from Carceland Tuesday to hear the address by Rev. Lawson of Central Church Calgary.

Mrs. Cliff Giroux has received word that her sister, Mrs. M. Dronsfield, in Vancouver, is very ill.

Miss Gerry Van Tighem entertained her pupils Thursday last at a musical evening. Games and a musical contest were arranged. Eileen McParland winning the prize. Choice refreshments completed a very merry evening.

Prob-Sub Lt. Andrew Garrett left Calgary last Sunday for Halifax where he will continue his training with the R. C. N. V. R.

Constable Rawsthorne has returned from Regina, where he was taking a Refresher Course.

Charley—How do you feel after your ride on that horse?
Dorothy—Gracious! I never thought anything filled with hay could be so hard.

TRAIN TIME-TABLE

DOMINION HEALTH PROGRAM

Comprehensive Health Scheme

Of considerable interest have been the draft health insurance bills for the Dominion of Canada which have been placed for study before the Special Session Minister Ian MacKenzie, Under Committee on Social Security by the proposed health insurance measures, which would be administered by the Provinces with Dominion financial assistance, every Canadian would receive medical and dental services.

Brian, of Calgary were Sunday visitors at the home of Mr. and Mrs. B. Groves.

The Ladies Aid are having a belated St. Patrick tea in the church on March 24th.

Have you given your Red Cross donation yet?

hospital care and drugs at a cost of not over \$26 per year for each adult. The public treasury would contribute cost estimated at 25¢ million. No constitutional amendment would be needed to enact the health insurance measures, as they would be carried out by the Provinces assisted by Federal Grants.

Combined with the health insurance plans are programs for the prevention of disease and for the promotion of the physical fitness of young people. There will be Federal financial assistance for the programs for combating tuberculosis, for the treatment of mental diseases for the training of health experts and for the general improvement of the physical well being of the young. Persons with low incomes will not be required to contribute to health insurance more than 3 per cent of their incomes of single and 3.7 per cent of their have dependents. Deficiencies in the contributions from low income categories would be made up from public funds.

He—No woman ever takes another woman's advice about frocks, why is that?
